Bike boxing	\$100	Labor to prepare and pack a bicycle. Packing materials and shipping extra.
Hourly labor	\$80 per hour	Billed in 15-minute increments of \$20.

Appointments & service terms

Labor and materials

- Package and installation prices include the work described. The same adjustment, tire work, crank removal, or other included labor is not billed again as a separate service.
- Brake bleed fluid is included, including bleeds performed with brake installation or hose replacement.
- Routine cable housing replacement and final adjustment are included in the listed cable replacement labor. Internal cable routing adds \$10 per cable. Hydraulic hose replacement uses the listed internal/external rates, with no additional cable-routing charge.
- Spokes, nipples, tubes, sealant, bearings, and other replacement parts/materials are extra. Packing materials and shipping are extra for bike boxing.
- Bottom bracket removal and installation includes required standard crank removal and reinstallation.
- No surcharge for customer-supplied parts.
- Specialized work and services without a listed fixed price are quoted individually.

Mobile appointments and travel

Travel charges are non-negotiable and must be paid in full before appointment confirmation.

Cancellation policy: The \$25 base travel fee is nonrefundable for cancellations within 24 hours of the scheduled appointment.

Request a time and provide your service address. We review the driving mileage and send a full travel quote with a secure Square payment link. Your appointment is confirmed after payment is received and we accept the request.

Distance is measured by one-way driving mileage from **718 Business 65, Unit A, Branson, MO 65616** to the customer's service address. Each appointment is priced from this fixed starting point, regardless of other appointments that day. Mileage and the travel charge are calculated and quoted before appointment confirmation.

Base visit fee	\$25 per appointment
Mileage beyond the first 5 one-way driving miles	\$1 per additional mile
Standard service area	Up to 15 one-way driving miles from the starting point
Appointments beyond 15 driving miles	Individually quoted, with at least \$250 in repair labor, plus the base visit fee and mileage

Within the standard service area: When completed repair labor reaches \$250 in the same appointment, the prepaid \$25 base visit fee is credited toward the repair bill. Parts, taxes, and travel charges do not count toward the labor threshold. Mileage charges remain payable.

Beyond 15 driving miles: The \$25 base visit fee and mileage both apply. The \$25 credit is not available for these appointments.

If repairs are declined after arrival: The prepaid travel charge covers the visit and is retained. Within the standard service area, the \$25 credit applies only when completed repair labor reaches \$250.

Drop-offs: By appointment only, with no travel fee.
